

### Lab Session 6/ part 1

You can find two links for repos for implementing the OER-TPNs in the Code folder:

- a. SimpleOERTPN.zip
- b. Semaphore channel implementation.zip

#### Exercises:

1. Exercise 1 page 23 can be implemented with either one of them.
  2. Draw the class diagram (add the new place types) and the state machine diagram
- 

### Lab Session 6/ part 2

You can find the link for the OER\_TPN Framework in the Code folder

#### Exercises:

1. Implement exercise 1 page 23 with the OER-TPN framework.

**Note:** All repos are implemented with Eclipse, if you wish to run then on intellij, create a new Java project with JDK 1.8, then move the classes to the src folder.
